This menu is born from a process of reinvention, adaptation and fusion of different culinary cultures within the same creative environment and always taking as a common thread the visual factor of surprising you.

With the same location as always, we want to continue offering the type of menu that everyone expects to find with exotic flavors.

The creation of this menu would not have been possible without the great work and dedication of our entire team.

Special thanks to
Angy, Operations Chef and Lahcen, Gastronomic Chef.
